

NICOLE MATTIAZZI

Environmental Scientist

Nicole has worked as an Environmental Professional in Advisory, Scientist and Ecology roles. Her career has involved projects such as APLNG, WICET, QGC and Bruce Hwy Upgrade. These projects have required a high degree of monitoring and planning, including regular review audits and a carefully planned Environmental management plans targeted to minimise liabilities and risk, and maximising safe and efficient work methods and resource usage. Nicole has worked on sites in the Resource, Government and Construction sectors on Greenfield and Brownfield sites. Holding a Damage Mitigation and Rehabilitation Permits, she has managed fauna interaction and reporting on construction sites that she has been the Environmental Representative.

SKILLSETS

Construction Management

Compliance and Auditing

Erosion and Sediment Control

Landfill Design and Waste

Ecology

Statutory Environmental Planning

MARKET SECTORS

Construction

Resource

Waste Management

QUALIFICATIONS

- 2011** The University of Queensland / Bachelor of Science (Zoology)
- 2018** University of Queensland / Graduate Certificate of Environmental Management (Natural Resource Management), Completion due 2019

MAJOR PROJECTS

- Development of Environmental Management Plans through site and desktop audits to identify risks and provide mitigation measures.
- Quality control of construction of landfill cell by ensuring compliance with the technical specification and liaison with client and contractor to address any concerns.
- Conducting audits on Clinical and Regulated Hospital waste streams to identify any non-compliances from waste producer to waste contractor.
- Submitted Annual Return and surrender for Environmental Authority to regulator by providing evidence for compliance, such as site and desktop audits.

AFFILIATIONS

- Member, Environmental Institute of Australia and New Zealand
- Member, Ecological Society of Australia

EXPERIENCE

ENVIRONMENTAL AUDITING AND COMPLIANCE

- **Assistant Auditor, West Moreton Hospital Audits.** Nicole conducted site audits of the hospital clinical and regulated waste streams to ensure compliance with legislation.
- **Assistant Auditor, CS Energy.** Nicole assisted in the auditing of waste tracking certificates of 3 power stations to identify non-compliances and areas of improvement.
- **Environmental Advisor, Monadelphous.** Evaluated environmental policy and management systems through audits and inspections.

CONSTRUCTION MANAGEMENT

- **Quality Control Officer, Remondis, Rochedale Landfill cell construction.** Represented the client Remondis to ensure the cell was constructed in alignment with the Technical Specification
- **Environmental Advisor, Monadelphous Engineering- Australia Pacific LNG, Eurombah.** Responsible for managing legislative issues and conveying requirements with stakeholders.
- **Environmental Advisor, Monadelphous Muhibbah Marine Joint Venture-WICET Project, Gladstone.** Assisted supervisors in providing expert assessment and advisory services on matters pertaining to the management of environmental issues.

PLANNING AND APPROVALS

- **Project Manager, Hahn Environmental.** Submitted report to regulator for Annual Return and Surrender of Environmental Authority.
- **Project Assistant, Silbelco EMP.** Developed site Environmental Management Plan for the operation.
- **Assistant Auditor, Bus Queensland.** Conducted 5 site audits that identified environmental risks and provided appropriate mitigation measures in Environmental Management Plans.
- **Project Manager, Wilson Environmental Authority Annual Return.** Submitted required information to regulatory authority to ensure compliance with conditions of environmental authority.
- **Project Manager, SEQWater Approvals.** Identified required approvals for rectification works at Kholo and liaised and submitted required information to regulatory authorities.

ENVIRONMENTAL MONITORING

- **Project Manager, Orora Wastewater review.** Sampled waste water throughout factory to identify contaminant levels and provide waste water strategies to reduce disposal costs.
- **Environmental Advisor, Monadelphous.** Collected and analysed monthly water monitoring samples and monitored sediment levels during rain event with water monitor.

ECOLOGY

- **Fauna Spotter, UGL Solar Project.** Conducted pre-clearing survey and onsite fauna spotter services.
- **Environmental Advisor, Monadelphous.** Held Damage Mitigation and Rehabilitation permits to manage all fauna interaction and regulatory reporting responsibilities.
- **Fauna Spotter, NatureCall.** Provided fauna spotter duties on several construction sites throughout Queensland and N.S.W. Ecological surveys including population of vulnerable Glossy Black Cockatoo (*Calyptorhynchus lathamii*).
- **Research Assistant, CSIRO.** Assisted in the preparation and operation of insect monitoring cameras for research on the impact of vegetation surrounding cotton fields and insect populations.

EROSION AND SEDIMENT CONTROL

- **Environmental Advisor, Monadelphous Eurombah Creek.** Revised Sediment and Erosion Control Plan and managed onsite controls after rain event.
- **Project Assistant, CPP Walkamin Substation.** Developed Sediment and Erosion Control Plan for construction site

POSITION SUMMARY

- 2017 - Present
- 2016 - 2016
- 2013 - 2015
