# TERRY REIS

## Senior Ecologist

Terry is skilled in the location and identification of mammals, birds, reptiles, amphibians and invertebrates. His expertise includes baseline survey, habitat assessment and targeted survey for conservation significant species. He has extensive experience in impact assessment, environmental regulation, specialist ecological studies, management plans and project management and design.

Terry has expert knowledge of the taxonomy, distribution, habitat requirements and behaviour of terrestrial vertebrate fauna, and extensive experience with a wide variety of methods for recording presence and abundance, with particular emphasis on conservation significant species. He is a member of the Records Appraisal Committee of Birds Queensland (Queensland Ornithological Society) assessing rare bird sightings in Queensland.

## QUALIFICATIONS

- 1997** Griffith University, Nathan / Bachelor of Science in Australian Environmental Studies
- 2004** Griffith University, Nathan / Bachelor of Science with 1<sup>st</sup> Class Honours in Australian Environmental Studies Thesis: Biogeographical concordance in Old World rainforests at transcontinental and local scales.

## MAJOR PROJECTS

- Terrestrial flora and fauna assessment Yandera Copper-Molybdenum Project, Madang Province, Papua New Guinea. Prepared for 3D Environmental on behalf of Coffey Natural Systems.
- Baseline flora and terrestrial fauna assessment and impact assessment, Caval Ridge Coal Mine Project, Moranbah. Prepared for URS Australia on behalf of BMA.
- Baseline terrestrial ecological assessment and preliminary impact assessment, Georgina Basin Phosphate Project, Mount Isa region. Prepared for Parsons Brinckerhoff.
- Terrestrial flora and fauna impact assessment, Wyaralong Dam, Beaudesert. Prepared for Parsons Brinckerhoff.

## AFFILIATIONS

- Records Appraisal Committee - Birds Queensland (Queensland Ornithological Society Inc.)
- Member, Squatter Pigeon Recovery Team (Commonwealth Government)
- Member, Brigalow Belt Reptile Recovery Team (Queensland Government & WWF)
- Member, Birds Queensland (Queensland Ornithological Society Inc.)
- Member, National Parks Association of Queensland
- Member - Wildlife Preservation Society of Queensland

# EXPERIENCE

## ECOLOGY AND ENVIRONMENTAL IMPACT ASSESSMENT

- **Ecologist, Reis Ecology & Interpretive Services.** Providing expert environmental advice to industry and non-government organisations in Australia and Papua New Guinea. Identifying ecological values, conducting fauna surveys and faunal habitat assessments, assessing and reporting environmental impacts and impact mitigation measures.
- **Principal Ecologist, NRA Environmental Consultants, Cairns.** Provided environmental advice to government, industry and non-government organisations with regard to various sites in Queensland and Papua New Guinea.
- **Principal Ecologist, Biodiversity Assessment and Management (BAAM), Cleveland.** Designed and managed projects, identified ecological values, conducted fauna surveys and faunal habitat assessments, assessed and reported environmental impacts and impact mitigation measures.
- **Research Assistant, Centre for Riverine Landscapes, Griffith University, Nathan, Brisbane.** Reviewed literature on the effects of climate change on freshwater ecosystems. Collected data and identified aquatic macro-invertebrates for the Ecosystem Health Monitoring Program (EHMP) in south-east Queensland.
- **Research Assistant, Technical and Scientific Advisory Committee- Central Eastern Rainforest Reserves of Australia (CERRA) World Heritage Property, Griffith University, Nathan, Brisbane.** Compiled an annotated bibliography of publications and grey literature pertaining to the CERRA properties. Undertook gap analysis of research with recommendations for future actions.
- **Senior Research Assistant, Rainforest Co-Operative Research Centre, Griffith University, Nathan, Brisbane.** Collected bird, reptile, invertebrate and structural data at 104 study sites in far north Queensland, south-east Queensland and north-east New South Wales; aided in project design; managed database; analysed data; prepared reports and manuscripts for the project *Biodiversity values and landscape context in reforestation*.
- **Research Assistant, Centre for Coastal Management, Griffith University, Gold Coast.** Conducted a scoping study into water quality issues in South-East Queensland.
- **Technical Officer, Forest Assessment Unit, Environmental Protection Agency, Brisbane.** Developed survey methodology; conducted systematic fauna surveys (mammals, birds, reptiles and frogs); conducted faunal habitat assessments; reviewed literature, reported; created and maintained database; analysed data and provided specimens to the Queensland Museum for the project *Terrestrial Vertebrate Fauna of the Brigalow Belt South Bioregion: Assessment and Analysis for Conservation Planning*.
- **Ecologist, Ninox Environmental, Brisbane.** Conducted faunal habitat assessments and terrestrial vertebrate fauna surveys, and reported on a variety of projects in south-east and central Queensland.

## SELECTED DESKTOP PROJECTS

- *Plants & Animals of Badu.* A book by the Torres Strait Regional Authority and other organisations. Provision of expert technical advice and photographs of fauna.
- Workshop for the development of EPBC Act referral guidelines for the Squatter Pigeon (southern subspecies) *Geophaps scripta scripta* for the Department of Sustainability, Environment, Water, Population and Communities. Toowoomba 2011. Provision of expert technical advice.
- Southern Brigalow Belt Reptile Recovery Plan. Toowoomba 2001. WWF workshop. Provision of expert technical advice.
- Birds for Biodiversity: Mount Lofty Ranges. Brisbane 2003. Rainforest CRC and Birds for Biodiversity MLR. Provision of technical advice.
- Scenic Rim Trail – Mt Mistake to Spicers Peak Nature Refuge Proposal and Environmental Management Plan. Prepared for BAAM on behalf of Tony Charters and Associates.
- Referral of proposed action under Part 3 of the EPBC Act for Scenic Rim Trail – Mt Mistake to Spicers Peak Nature Refuge for Endangered and Vulnerable fauna species and World Heritage values. Prepared for BAAM on behalf of Tony Charters and Associates.
- Review of the Carpentarian Pseudantechinus *Pseudantechinus mimulus*: Life history, distribution and habitat use. Prepared for Ivanhoe Australia.
- Torres Strait Biodiversity Management Project - Terrestrial vertebrate fauna. Prepared for 3D Environmental on behalf of the Torres Strait Regional Authority, (included undocumented field trip to Mua Island).
- Torres Strait Islands Terrestrial Biodiversity Management Workshop. Expert advice: Identification and review of fauna values; management of habitat for fauna values. Torres Strait Regional Authority, Cairns, 25-27 October 2010.

- Referral of proposed action under Part 3 of the EPBC Act for Anthill MLA for Endangered and Vulnerable fauna species including Gouldian Finch *Erythrura gouldiae* and Carpentarian Pseudantechinus *Pseudantechinus mimulus*, Mount Isa region. Prepared for CST Minerals Lady Annie.
- Audit and Review Conservation Action Statements for Significant Fauna. Prepared for Brisbane City Council.
- Arrow baseline flora and fauna study. Moranbah. Prepared for Arrow Energy.
- Environmental assessment report appraisal – Mount Emerald Wind Farm development application. Prepared for Tablelands Regional Council, Atherton.
- Review of the Baseline Environmental Report, Mt Garnet Project by Landline Consulting on behalf of Consolidated Tin Mines.
- Julia Creek Waste Facility fauna assessment, Julia Creek. Prepared for UDP Consulting Engineers on behalf of McKinlay Shire Council.
- Fauna component of the Profile for management of the habitats and related ecological and cultural resource values of Erub Island. Prepared for 3D Environmental on behalf of the Torres Strait Regional Authority Land & Sea Management Unit.
- Fauna component of the Profile for management of the habitats and related ecological and cultural resource values of Iama Island. Prepared for 3D Environmental on behalf of the Torres Strait Regional Authority Land & Sea Management Unit.
- Fauna component of the Profile for management of the habitats and related ecological and cultural resource values of Mua Island. Prepared for 3D Environmental on behalf of the Torres Strait Regional Authority Land & Sea Management Unit.
- Process and practices in rainforest landscapes. Brisbane 2001. Rainforest CRC research workshop. Provision of technical advice.
- Database construction (conservation status and distribution of Australian vertebrates relevant to ABH properties) for Australian Bush Heritage Fund (Hobart).
- Compilation of bibliography of literature relevant to ABH properties and activities for Australian Bush Heritage Fund (Hobart).
- Management plans and funding applications for conservation properties for Australian Bush Heritage Fund (Hobart).

## SELECTED PROJECTS WITH A FIELD COMPONENT

### Northern Territory

- Fauna survey, dry season Eldo Plateau Project, Nhulunbuy. Conducted for Ecosmart on behalf of the Gumatj Association.
- Bird survey (targeting Gouldian Finch *Erythrura gouldiae*) in Yinberrie Hills, Northern Territory, for Biliton Gold Mine.
- Gouldian Finch *Erythrura gouldiae* and Crested Shrike-tit (northern subspecies) *Falcunculus frontatus whitei* survey, Delamere Air Weapons Range. Conducted for AECOM on behalf of the Department of Defence.
- Gouldian Finch *Erythrura gouldiae* and Partridge Pigeon *Geophaps smithii* survey, Mount Bundy Training Area. Conducted for AECOM on behalf of the Department of Defence.
- Terrestrial fauna pre-clearance assessment Ichthys Project, Blaydin Point, Darwin. Conducted for CDM Smith on behalf of Monadelphous Group.

### Queensland bioregions

#### Torres Strait

- Fauna survey and ranger training, Badu Island. Conducted for David Fell Environmental on behalf of the Torres Strait Regional Authority.
- Fauna survey, including ranger training, Gebar Island. Conducted for David Fell Environmental on behalf of the Torres Strait Regional Authority.
- Fauna survey of Mua Peak, Mua Island. Conducted for David Fell Environmental on behalf of the Torres Strait Regional Authority.

### Cape York Peninsula

- Desktop and field evaluations of Golden-shouldered Parrot *Psephotus chrysopterygius* and Buff-breasted Button-quail *Turnix olivii*, Artemis Station, Musgrave. Prepared for Archer River Quarries.
- Cape Urquhart Bauxite Project Palm Cockatoo *Probosciger aterrimus macgillivrayi* and Bare-rumped Sheath-tail Bat *Saccolaimus saccolaimus nudicluniatu*s targeted survey. Conducted for Epic Environmental on behalf of Oresome Australia.

### Wet Tropics

- Bird and frog surveys, Aquis Great Barrier Reef Resort Project, Yorkeys Knob, Cairns. Conducted on behalf of Biotropica Australia.
- Terrestrial vertebrate assessment, Ella Bay Resort and Access Road, Innisfail. Prepared for Satori Resorts.
- Townsville Port Access Road fauna habitat assessment, Townsville. Prepared for Townsville Port Access Road P/L.
- Bird surveys at Robson Creek (State Forest), Atherton Tablelands, for Earthwatch and the CRC for Tropical Rainforest Ecology & Management.

### Northwest Highlands

- Carpentarian Pseudantechinus *Pseudantechinus mimulus* survey, Mount Isa. Conducted for BAAM on behalf of Copperstring.
- Anthill flora and fauna baseline assessment, Mount Isa region. Prepared for CST Minerals Lady Annie.
- Terrestrial vertebrate habitat assessment and Purple-necked Rock-wallaby *Petrogale purpureicollis* survey, Rocklands Copper Project, Cloncurry. Prepared for APEC on behalf of CuDECO Limited.
- Baseline terrestrial ecological assessment and preliminary impact assessment, Paradise North, Mount Isa region. Prepared for Legend International.
- Condition assessment of terrestrial riparian vertebrates, Lady Annie Copper Mine Dam Discharge, Mount Isa region. Prepared for frc environmental.
- Monitoring of terrestrial riparian vertebrates, Lady Annie Copper Mine Dam Discharge, Mount Isa region. Prepared for Freehills.
- Baseline terrestrial ecological assessment and preliminary impact assessment, Georgina Basin Phosphate Project, Mount Isa region. Prepared for Parsons Brinckerhoff.
- Lady Loretta Mine Powerline flora and fauna assessment, Mount Isa region. Prepared for Xstrata Zinc Lady Loretta.
- Baseline terrestrial ecological assessment and preliminary impact assessment - Georgina Basin Phosphate Project, D-Tree North DSO, Mount Isa region. Prepared for Parsons Brinckerhoff.
- Terrestrial ecology and impact assessment – Paradise South Phosphate Project EIS, Mount Isa region. Prepared for Legend International Holdings Inc.

### Mitchell Grass Downs

- Julia Creek Dunnart *Sminthopsis douglasi* survey, Julia Creek. Conducted for BAAM on behalf of Copperstring.
- St Elmo post-wet season fauna and flora survey, Julia Creek. Conducted for Epic Environmental on behalf of Multicom Resources.
- St Elmo targeted Star Finch *Neochmia ruficauda ruficauda* survey, Julia Creek. Conducted for Epic Environmental on behalf of Multicom Resources.

### Einiasleigh Uplands

- Fanning River Station pre-wet season fauna survey, Charters Towers. Conducted for NRA Environmental Consultants on behalf of the Australian Defence Force.
- Fauna survey, targeting reptiles and small mammals, Yourka Reserve, Innot Hot Springs (2014). Conducted for Bush Heritage Australia.
- Seasonal fauna surveys, Yourka Reserve, Innot Hot Springs (May & October 2017). Conducted for Bush Heritage Australia.
- Northern Quoll *Dasyurus hallucatus* and rock-wallaby survey, Yourka Reserve, Innot Hot Springs. Conducted for Bush Heritage Australia.
- White Mountains Project wet and dry seasons flora and fauna, Hughenden. Prepared for ELP on behalf of Guildford Coal.
- Terrestrial flora survey and faunal habitat assessment, Jubilee Plunger, Georgetown. Prepared for DRAU.

- King Vol Power Line Corridor dry season fauna assessment, Chillagoe. Prepared for Kagara.
- Terrestrial fauna assessment of the Raw Water Dam and proposed Tailings Storage Facility, Mungana, Chillagoe. Prepared for Kagara.
- Routh Quarry EPBC flora and fauna assessment, Georgetown. Prepared for Bolwarra Enterprises.

#### Central Queensland Coast

- EPBC Act-listed targeted flora and fauna survey program – Terminal T0 Project, Abbot Point. Prepared for CDM Smith on behalf of Adani.
- Terrestrial vertebrate baseline study, McFarlane Shales to Liquid Project, Proserpine. Prepared for URS Australia on behalf of QER\*.
- Gregory Quarry Due Diligence – Terrestrial Ecology. Prepared for Chenoweth Environmental Planning & Landscape Architecture on behalf of Boral Resources\*.
- Bird surveys at Eungella National Park, for Earthwatch and the CRC for Tropical Rainforest Ecology & Management.

#### Brigalow Belt (North)

- Baseline flora and fauna 2012 wet season - Moranbah Gas Project, Moranbah. Prepared for Arrow Energy.
- Terrestrial and riparian vertebrate assessment, Connors River Dam and Pipeline Alignment. Prepared for SunWater.
- Baseline flora and terrestrial fauna assessment and impact assessment, Caval Ridge Coal Mine Project, Moranbah. Prepared for URS Australia on behalf of BMA.
- Glebe Weir environmental assessment Nathan Dam EIS Project: Flora and terrestrial fauna. Prepared for MWH Australia on behalf of SunWater.

#### Brigalow Belt (South)

- Arrow- Surat Gas Project (Supplementary EIS) [fauna survey and reporting]. Prepared for Ecosmart on behalf of Arrow Energy.
- Arrow- Surat Gas Project fauna survey (Miles & Dalby), dry and post-wet season surveys. Prepared for Ecosmart on behalf of Arrow Energy.
- Terrestrial ecology and impact assessment, Walloons Gas Fields. Prepared for WorleyParsons on behalf of Origin Energy.
- Vertebrate fauna survey of Erringibba National Park with Queensland Parks and Wildlife Service.
- Vertebrate fauna survey of Southwood National Park with the Environmental Protection Agency (EPA).
- Vertebrate fauna survey of Wondul Range National Park with the EPA.
- Vertebrate fauna survey of the Kakamundi section of Carnarvon National Park with the EPA.
- Vertebrate fauna survey of the Salvator Rosa section of Carnarvon National Park with the EPA.
- Vertebrate fauna survey of Isla Gorge National Park with the EPA.
- Vertebrate fauna survey of Alton National Park with the EPA.
- Vertebrate fauna survey of Carnarvon Station Reserve for Bush Heritage Australia.

#### Mulga Lands

- Flora and fauna assessment, Art Gallery and Tourist Accommodation, Quilpie Town Common. Prepared for Eagle Gallery Properties\*.

#### Channel Country

- Pitfall trapping targeting mammals and reptiles, Ethabuka Reserve, with the University of Sydney.

#### Southeast Queensland

- Survey of the critically endangered Yellow Chat *Epthianura crocea macgregori* population of Curtis Island with the University of Central Queensland and Queensland Parks and Wildlife Service.
- Wader surveys, Curtis Island. Prepared for WorleyParsons.
- Bird survey on Fraser Island for the Zoology Department, University of Queensland.
- Fauna survey and habitat assessment, Nambour to Landsborough Rail Corridor. Prepared for WBM Oceanics.
- Terrestrial flora and fauna impact assessment, Wyaralong Dam, Beaudesert. Prepared for Parsons Brinckerhoff.
- Mungarra Reserve, Petrie, terrestrial vertebrate assessment. Prepared for Pine Rivers Shire Council.
- Terrestrial vertebrate fauna survey at Capalaba with NatureSearch, Department of Environment and Heritage.

- Bird surveys at Lamington National Park, for Earthwatch and the CRC for Tropical Rainforest Ecology & Management.

#### **New England Tableland**

- Terrestrial vertebrate impact assessment, Emu Swamp Dam, Stanthorpe. Prepared for SKM on behalf of Stanthorpe Shire Council.
- Vertebrate fauna survey of Girraween National Park with Queensland Parks and Wildlife Service.

#### **Multiple bioregions**

- Terrestrial ecology and impact assessment report – CopperString Project EIS, Einasleigh Uplands, Desert Uplands, Mitchell Grass Downs, Northwest Highlands, Queensland. Prepared for RLMS on behalf of CuString and Leighton Contractors.

#### **Extralimital**

##### **Papua New Guinea**

- Terrestrial fauna survey, including mist-netting targeting scrub-wrens, Wafi-Golpu Mine Project, Morobe Province. Conducted for BAAM on behalf of Worley Parsons.
- Terrestrial flora and fauna assessment Yandera Copper-Molybdenum Project, Madang Province. Prepared for 3D Environmental on behalf of Coffey Natural Systems.
- Terrestrial fauna assessment, Lassul Bay, East New Britain Province. Prepared for 3D Environmental on behalf of Coffey Natural Systems.
- Wildlife guide for Naturetrek's tour PNG's Birds-of-paradise and culture, 2016 & 2017  
<http://www.naturetrek.co.uk>

##### **South-east Asia**

- Vertebrate ecologist for the 2nd year Environmental Science subject Studies of an Asian Rainforest (Griffith University) at Danum Valley Field Centre, Sabah, Malaysia, 2004, 2005 & 2006.
- Vertebrate ecologist for the 2nd year Environmental Science subject Studies of an Asian Rainforest (Griffith University) at Batu Apoi Forest Reserve, Brunei Darussalam, 2002 & 2003.
- Bird surveys for Earthwatch and the CRC for Tropical Rainforest Ecology & Management at Batu Apoi Forest Reserve, Brunei Darussalam.
- Wildlife guide for Naturetrek's tour Borneo's Orang-utans, Sabah, Malaysia, annually 2013-2016  
<http://www.naturetrek.co.uk/tour.aspx?id=308>
- Wildlife guide for Naturetrek's tour Mount Kinabalu and Borneo's Rainforests, Sabah, Malaysia, 2014 & 2015  
<http://www.naturetrek.co.uk/tour.aspx?id=309>
- Wildlife guide for Naturetrek's tour Borneo by Night, Sabah, Malaysia, 2017.

Terry has conducted informal fauna-focused field work in a majority of Australia's bioregions, in all Australian states and internal territories, and in a substantial number of countries, including Kenya, Morocco, Sri Lanka, India, Indonesia, China, Brazil, Costa Rica, Ecuador and New Caledonia.
